

DESERVES RECOGNITION.

Considerable of a rumpus is being kicked up over the confirmation of Colonel Forsyth of Fresno, Cal., as Horticultural Commissioner at the World's Fair.

He is charged with having kept a hotel at the Geysers, where people who registered were not asked by the Colonel to show their marriage certificates.

This seems about the only way to run a hotel successfully in the West, and a good many are run that way.

Years ago, men whose wives were in such delicate health that increases in the family were few and far between, sent them to the Geysers to recuperate. As a rule these wonderful springs had the desired effect, and all was well.

But it was a noticeable fact that after the gay Colonel left the resort, the medicinal qualities of the springs disappeared about the same time, and now they are not even mentioned.

It looks to us that the gallant Colonel has done a good deal towards building up California, and his efforts deserve some official recognition.

WILL SILVER KILL HIM!

It is rumored that President Harrison will not seek a renomination because the pressure against him by the silver men of his party is so great that he will be compelled to withdraw from the race to save his party from defeat.

This is the best thing he can do. The Republicans of the West regard him as the tool of Wall street, and should he be nominated, the Pacific Coast States could not be safely counted as Republican.

If he withdraws from the race he will show the first glimmer of real, practical sense exhibited during his administration.

The Eastern Market.

A California cattleman who shipped his cattle East, sold them in Kansas City at 5 1/2 cents, live weight. They shrunk 45 pounds to the head on the trip, and the freight was \$18 per head. These cattle, though the finest large cattle in Southern California, would not have brought over 5 cents dressed in San Francisco, so the owner obtained twice as much for his cattle in the East as he would have obtained there.

It is now claimed that Charles McGlashan, the author of the book on the loss of the Donner Lake party, buried those coins recently dug up near the spot to revive interest in his book. Over a thousand copies have been sold since the coin discovery. A very fly person and a person with no flies on is this same C. F. McGlashan.

The Federal Supreme Court has decided that a common carrier of cattle is bound to furnish proper accommodations for the live stock at the various stations along the route, just as a common carrier of persons is bound to furnish proper accommodations for the use of passengers, without any extra compensation.

A couple of weeks ago a justice of the peace in a certain town in Esmeralda county while trying a case had considerable difficulty in suppressing the defendant who was pleading his own case. Finally losing all patience the justice yelled out: "Sit down sir, sit down sir, I will send you to the jug, I'm a d— liar if I don't."

A Philadelphia surgeon says that by three strokes of the lancet he could paralyze the nerves acted on to make a man get mad, and thereafter any one pull his nose, cuff his ears and spit on his boots and he would simply smile a soft, bland smile.

Dr. O. W. Owen, of Detroit, has discovered a new cypher in Shakespeare's plays. Some sensational revelations are promised.
